SUBJECT: Air Sampling Plan for Richardson Flat, Utah

Attached is an air sampling plan prepared by the FIT for some additional site inspection work at the Richardson Flat site. I would appreciate any comments you could provide me on this plan. I would like to get comments back to FIT by June 25, 1986, so I would like to get any comments you have prior to that date. If it is not possible for you to comment on this sampling plan, please let me know as soon as possible.

Thank you for your input on this. Please call me if you have any questions.
